Message

Nelson Mandela once quoted that "Education is the most powerful weapon that you can use to change the world". Yes, it is truly the panacea to heal the wounds made in the past, bridge the gaps, ignite our minds, sanctify our thoughts, words and actions and also brighten our future. It is not merely a process of acquiring knowledge and upgrading our skills. We should use this sacred tool to pass on a smile without pretense, lend a helping hand to those in need and sow the seeds of love and humanity.

Trinity Lyceum has always been striving tirelessly to provide a safe and congenial environment for students to flourish and prosper. Our rapidly changing society demands citizens who possess the competency to contribute, engage and address global issues. Our Alma Mater has always opened its doors to experimentation, innovation and engagement for the betterment of its young Lyceans at the same time upholding its legacy of oneness, brotherhood and excellence. Each Lycean is special, respected and admired and is taught to think, dream, create, experiment and innovate for public good. The effective and unwavering mentoring that you have been receiving here would undoubtedly prepare you to meet the needs of the world.

The Lycean, curated by the artistic minds of Trinity Lyceum is a treasure trove decked with priceless creative gems. Let's hope that the school Annual indubitably be cherished and be transformed into a souvenir to be valued always.

May the Lord shower His blessings on each Lycean forever!

Principal's Message

Heraclitus, the ancient Greek pre-Socratic philosopher once said "No man can step into the same river twice". Change is inevitable. The world of 21st century is changing at an accelerated scale. The challenge faced by a present day educator is to cope with the changing world order and prepare their students for the future. It has rightly been said by Margaret Mead that " Children needs to be taught how to think, not what to think."

Classrooms are no more places for mere bookish learning. Rather they are now creative workshops where new innovations take place. Trinity Lyceum has always tried to inculcate creativity, critical thinking, innovation, divergent thinking along with proper values of life for its students. The school conducts an array of activities throughout the years bringing out all these skills among children.

This edition of the school magazine "The Lycean" is an outcome of imagination and critical thinking. It unfolds a wide spectrum of creative skills which includes not only writing and designing but also editing the magazine.

Thanks to the strenuous efforts of the editorial board and the active participation of students, needless to say the committed and supportive management, dedicated and caring staff, cooperative parents who worked in the backdrop to bring out the best in children.

With regards.

The comeback after Covid pandemic has had a tremendous impact on students. Mobile phone and laptops being their priority. Search engines like Google, Yahoo! has helped them to find solutions to their needs. Did it hamper their thinking though?

..... 'Time to ponder'

To shape them into a productive citizens, lies in our hands. The real question is what can parents and teachers do, to harness technology in useful ways, without letting kids become slave to it and the negative effects it can have on their lives.

TRINITY LYCEUM SCHOOL - KOLLAM

ANNUAL REPORT FOR THE YEAR 2022-23

Your Excellency, Most Rev. Dr. Paul Antony Mullassery, Bishop of Quilon and the Patron of Trinity Lyceum, Hon'ble Chief Guest Merin Joseph IPS, Commissioner of Police, Kollam. Dr. Cynthia Catherine Micheal, Principal Fatima Mata National College, Kollam, Mr. G. Somarajan, Ward Councillor, Dear parents, Teachers and dear students

We trust that Triune God has a purpose in us beyond all our imagination and help us to achieve greater things for the goodness of every soul that embarks on the portal of learning.

As we accomplish yet another exceptionally gifted and challenging academic year, it is good to take a glimpse on what we have achieved and celebrate those moments of triumph and crowning glories made during the academic year 2022-2023. Post Covid-19 was a strenuous year since it was a bit tough to restore and overcome the fascinations that developed among students who were destined to stay away from school during the lockdown season. However, the dedication of our teaching staff combined with the determination, intellect and creativity of the school community helped us to make 2022-23 a more joyful and promising year as desired.

Trinity Lyceum, over a period of time, has emerged to become the high ranking institution in the region; fairly established on the vision that education should be a dynamic process that combines academic development supplemented by a series of extra-curricular activities prudently designed to mould young,

robust and responsible citizens in the nation building process.

At the outset of this report, we wish to highlight that Lyceum Community cheerfully welcomed Fr. Jackson James on March 31st who joined the school as the new Principal. Fr. Jackson has come with considerable experience gained as Vice Principal at Infant Jesus and later as Principal of Trinity Lyceum Nanthrikkal. Our former Principal Rev. Fr. Ronald Varghese after completing his tenure of three years of service in office went back to his diocese for higher responsibilities. We wish to extend our gratitude to Rev Fr. Ronald Varghese for making every effort to uplift the name of Trinity Lyceum during his tenure.

STAFF

It is proved beyond doubt that teachers are the most significant influence on student learning. Great teachers are those who get motivated to excel in their career and take pride in the success of their disciples. We are blessed with various faculties of 129 teaching staff and 31 non teaching staff. Regular meetings and teaching workshops are organized to refresh and improve their skills. Parent Teacher Meetings and open houses are organized occasionally that open up ways to properly discuss the students' performance and activities at school. We would encourage every parent to know the importance of teachers in their children's lives. We greatly appreciate all teaching and non-teaching staff for their dedication and matchless service to uphold the reputation of this institution.

SCHOOL REOPENING JUNE 1 2022

The school reopened for the new academic year on 1st June, 2022 with the morning assembly. Rev. Fr. Joseph John, the Rector of this institution introduced the new Principal Rev. Fr. Jackson James and the new Bursar Rev. Fr. George Robinson to the gathering. The Principal welcomed all the teachers and students to start a new year with new aspirations and dreams.

INITIATION DAY

The first day of school is memorable and eventful for every child. Children are quite excited and nervous about going to school and meeting new people. While some children get delighted to experience the new environment and make new friends, others cry their hearts out at the sight of their parents leaving them all alone. However, they gradually adapt to the new experience and environment with the help of teachers and friends and find comfort in their new world. Well, on this Initiation Day, our Plus 2 Students colourfully organized the event and received the little buddies by offering them a welcome crown. Senior KG Students entertained the newcomers with variety programmes. Rev. Fr. Sugun Leon was the Chief Guest of the day.

ENVIRONMENT DAY

Protecting our Mother Earth is the responsibility of each living being. As part of the observance of Environment Day, the students of Std. IX accompanied by the Principal, Bursar and teachers organized a massive cleaning activity at Kollam Beach and its surrounding places. Mr. Sam K Daniel, the District Panchayat President, Kollam inaugurated the event.

PLUS ONE OPENING DAY – FRESHER’S DAY

A time for Plus One Newcomers to cheer up and turn the page to a new chapter at school. The scholastic doors of Lyceum were widely opened to render a warm welcome to the Plus One Students at an impressive ceremony on 15th June 2022. The occasion was delighted by Prof. Dr. Jojo P.J. the former Principal of Fatima Mata National College who well motivated the students through his scholarly words. Our PTA President Col. S Dinny felicitated the newcomers.

Reading Day - VAYANA DINAM

Books let you travel without moving your feet. Once you fall in love with books you will develop a habit of reading on your own. To spread awareness among children about the importance of reading, our school observed 'Vayana Dinam' on 20 June 2022; a rare occasion to honor Shri. P.N. Panicker, who is the father of the Literary Movement in Kerala. As part of the event, students from different classes came up with the makeover of those nostalgic characters from various hallmark novels of our time.

YOGA DAY 2022

Yoga is a group of physical, mental, and spiritual practices or disciplines which originated in ancient India and aims at controlling and keeping the mind still recognizing a detached witness-consciousness untouched by the mind and mundane suffering. It is a powerful tool to improve physical and mental health and well-being. Our school observed Yoga Day on 21st June 2022 to build awareness among students on the importance of performing

yoga. Our little yogi Rithvika V. of Class 1E was honored for maximum yoga poses performed as a kid on the Yoga Day.

PROMOTE LEADERSHIP QUALITY

It's important for students to experience leadership opportunities during their schooling, to learn the art of building relationships within teams, defining identities, and achieving tasks effectively. To promote leadership and decision-making traits among students, the Voting Process for various positions of governing was conducted on 30th June 2022. Students eagerly participated in this activity. Ms. Gauri Nair was elected as the School Leader and Master Sreeram S as the Assistant School leader of the Year 2022. Red House Captain Manu Krishna M, Vice Captain Neeraja Sini George, Blue House Captain Maria T J, Vice Captain Agnes Angel, Green House Captain Aparna Maya Santhosh, Vice Captain Johan Nilson, Yellow House Captain Sneha Jerome, Vice Captain Mohammed Rayyan.

LITERARY & DEBATING CLUB

The Literary and Debating Club is a platform where students are encouraged and guided to demonstrate their potentials for skillful communication, create a love for literary arts and cultural activities, develop and sustain sound language skills, interact with others in panel discussions, deliver public speech, etc.

The activities of the School Literary and Debating Club of the year 2022-23 was officially inaugurated by the Celebrity Guest from the Malayalam Film Industry, the talented young beauty attraction and Movie Actress Binny Rinky Benjamin among the massive crowd at a red carpet event organized by the leaders of the Club on 5th July 2022.

GREEN DAY

To inspire and encourage our students to love and save the Mother Earth, we observed the so called Green Day on 10th June 2022. Children participated in variety programs wearing green attires by displaying the significance of the day.

INVESTITURE CEREMONY

One of the most elegant events of the school, the Investiture Ceremony of the Leaders and Captains was held on 15th July 2022. This was one of the well-organized events of our school for bestowing badges to the young elected leaders pledging to undertake their duties and responsibilities during their term. We were indeed honoured to have Smt. Hafzana Parween, the Hon'ble Collector Kollam District as the Guest of the day.

INDUSTRIAL VISIT

Industrial visits serve as an excellent platform; as the first point of interaction between a student and a live working industry. It was a moment of exploring and learning for the Commerce Students of Std. XI & XII on 22 July 2022 when they paid an industrial visit to MIL-MA Dairy Plant in Thevally. The students made several queries and the experts were happy to explain the process of work. The students found this industrial visit very useful that contained excitement and enthusiasm.

PRINCIPAL'S FEAST DAY

Since saints are believed to already be in Heaven, the date of a saint's death would be considered their "heavenly birthday," or "entrance into Heaven. The Feast Day of our dearest Principal was celebrated on 25th July on the

heavenly birthday of St. James the Apostle. Celebration was held during the assembly in which the great message of St. James was conveyed by the Principal in his short speech. As a real gift of love the student representatives from each class wished the Principal by presenting flowers.

ANNUAL SPORTS MEET

Sports Day is a meaningful and memorable event of school life in which students take part to display their talents. Many days of practice are done prior to the event to achieve perfection in the performances. Our Annual Sports Day was conducted on 29th July, 2022. The Flag Hoisting Ceremony was done by Shri. L & D Report

Education does not mean simply gaining bookish knowledge. It is rather the moulding of an individual by bringing out the abilities of children in various cultural and artistic fields. Trinity Lyceum credits a Literary & Debating Society which is prominent, resounding and macrocosm of excellence.

To organise various literary and cultural programmes of the year, a Literary & Debating society is formed in our school. On every Friday, the last period is assigned for conducting various literary and debating and cultural programmes.

As usual the golden sun shone at our school Trinity Lyceum, The L & D Society of the year 2022-23 was inaugurated by the gorgeous Cine artist Mrs. Binny Rinky Benjamin on 5th July 2022. Followed by various entertainment programmes added colors to the programme.

Guidelines were given to the secretaries of each class about the smooth functioning of the L & D period. They were asked to maintain a record of how the programmes were conducted during the L & D period.

The arts festival of the year 'Rangotsav' was successfully conducted as per the manual of the arts festival of our school. House wise competitions were conducted in various cultural events. All the teachers and student representatives of various houses co-operated and worked with us with utmost dedication to make it successful. Red house under the leadership of Mrs. Riny S. won the first position in the arts festival and the year.

This is a special year for me as I was given the opportunity to be the District co-ordinator of ASISC cultural fest, 'FIESTA CULTURA' (Cultural Competition of ICSE/ISC Schools)

For the first time ASISC had conducted cultural competitions in three levels that is Sub-Zonal level, Zonal level and Regional level.

Mrs. Shirly P
L & D Director

We participated in all categories from LKG to Std XII and had secured second position in the Sub-Zonal level i.e. is district level competitions.

Our school also was a venue for categories 3, 4 & 5 in Literary and Musical events. The programme was a great success. With the co-operation and hard work of our dedicated teaching and non teaching staff, the programme was a great success.

The Zonal level competitions were held at Loyola School, Thiruvananthapuram and Infant Jesus Anglo Indian School, Kollam.

112 students participated in the Zonal competitions and Lyceans had secured 1st position and became the Overall Champions of Zone A with a high score of 171 points and also won Overall Championship in category 3.

Regional level cultural fest 'RANGOTSAV' was held at KE Mannanam, Kottayam. 61 students participated in the fest and we secured II position in the Kerala state level cultural fest with 47 points. It was really a moment of pride for the entire Lyceum family.

Besides arts and cultural fest, L & D Society celebrated important days and festivals like. Teacher's Day, Environment Day, Independence Day, Merit Evening, Onam, Christmas etc.

A large number of students participated in all kinds of activities. L & D Society provides a very large platform for Lyceans to exhibit their talents.

Thus L & D Society has brought a feeling of unity among the Lyceans which in turn boosted up self esteem among students.

I take this opportunity to thank the Almighty for enlightening and empowering the entire team to fulfil its mission effectively. I would like to express my sincere gratitude to our Principal Fr. Jackson J and Vice Principal Mrs. Leena Joseph who were motivated us to bring Trinity Lyceum to the heights of excellence.

I also wish to acknowledge the sincere efforts and diligent work of the L and D members Mrs. Asha Anto, Mrs. Priya Johny, Mrs. Susan A, Mrs. Stacy S, Mrs. Sini Shaji, Mrs. Saramma M, Mrs. Sabitha K.I., Mr. Jerome Robert, Mrs. Tina Vincent, Mrs. Bexy Jerald and Mrs. Carol V.

Wishing you all success in the forthcoming endeavours.

Social Service Report

Trinity Lyceum, as indicated in the logo, is a charity oriented institution.

We have a Social Service Society whose members include the class teachers, the class leaders, the director, the bursar and the principle. Every year the society raise funds to help needy students by providing concession in fee, free books and so on.

Through the activities of the society, we hope to foster empathy for the unfortunate and inculcate a habit of service in young students. The Social Service Society organises various events every academic year involving the students. We conduct orphanage visits. During these visits students donate various things useful for the children at the orphanage, such as clothes and stationery. During Christmas, students are encouraged to contribute small amounts of their pocket money towards charity.

‘Meghamalhar’ is another social service project put forward by Principal Chevalier S. John in the Golden Jubilee Year 2016, to help patients suffering from serious illness like cancer. Since then we have been donating a sum of Rs. 1000/- to fourteen patients every month.

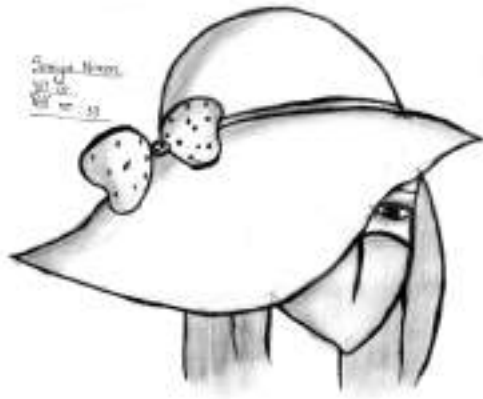

A class, best in Social Service activities is given an award every year. This year it goes to std. VII D. class teacher of the class Mrs. Divya EyoChan.

FRIENDSHIP

Three little ants,
Walking on the sand;
Walked very fast not at all slow,
So they fell, into a hole.
The hole was scary, dark and cold.
All three were scared,
They cried for help.
A spider passing by heard their yelp,
Decided to help, at least give it a try.
The spider spun it's web, dropped into the hole,
Asked the ants to catch on and hold.
Out they came one by one,
Free from, the dark, into the sun.
All three ants thanked the spider.
They didn't think they could find anyone kinder.
Spider and ants became good friends
Promising each other, in troubles they will defend.

THE LION IN THE WELL

Once a lion killed many animals every day. The animals thought that he would kill them all. They went to the lion and said, “Sir, please do not kill us. We shall send you one animal everyday”. The lion agreed, so every day an animal went to

the Lion. He ate it. One day it was a rabbit’s turn. The rabbit was clever. He went to the lion late. The lion was angry. He roared “Why are you late?”. The rabbit said” I met a big lion on the way. He wanted to eat me. He said he was the king.” The lion said ,” Show me where he is I’ll kill him”. The rabbit led him to a well. The lion saw his image in the water. He thought he was the other lion. He jumped into the well. He was drowned.

Purpose of a School Magazine

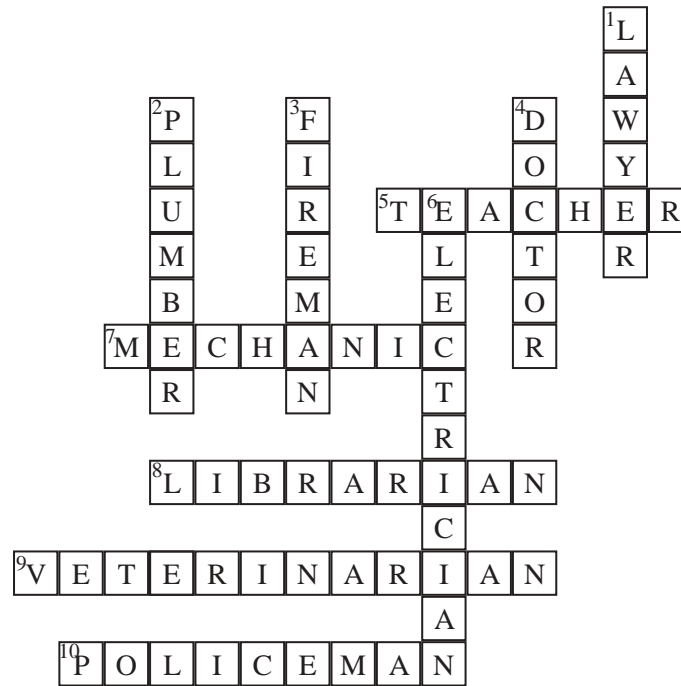

A school magazine is a part of the education system which informs parents about the events of the school and what the students have been doing recently. It's also a way to impress them and the others to make the school look outstanding and a temple of learning for their children. It gives out messages to the parents about the upcoming events and progress of which they have to be aware of. The magazine also helps the students in developing their power of thinking and strengthen their imagination as well. In short a magazine showcases all the glory and achievements a school attains through its students.

The Lion and the Boar

It was a hot summer day. A lion and a boar reach a small water body for a drink. They begin arguing and fighting about who should drink first. After a while they are tired and stop for breath. Then they notice vultures above. Soon they realize that the vultures are waiting for one or both of them to fall, to feast on them. The lion and the boar then decide that it was best to make up and be friends than fighting and becoming food for Vultures. They drank the water together and went their ways after.

A Sci – Fi Dream

One day I saw an alien's spaceship above me. A streak of light came from it and I got sucked into the ship. The ship landed in a vast planet. I fought with the aliens and drove the ship myself to planet earth. But when I reached there, I saw dinosaurs roaming around. I ran between their humoagons legs to escape from their stomps. Sometime later, a cannon ball landed in front of me. I looked around . I saw weapons like guns, bombs, etc. Then I realised it was a war between humans and aliens. Somebody shot bullets at me, but I ran at the speed of light to escape from them. After all the escapes I was exhausted, so I went in search of a hotel.

At the beach side , I saw a food centre. I ate sandwiches, drank juice and had an ice bar. Then I went to rest on the beach. But just as I lay down a giant wave splashed at me and threw me into the sea! I realised it was a tsunami. All of a sudden.A sea snake bit my leg.

In the mist of all these chaos. I opened my eye and realised it was my mother pouring water on my face and pinching my leg. For me to get up and be ready for school. On my way to school I realised that in my dream, I've had travelled to 2050.

My Teacher

On my first day at school
I clung to my mother,
But then my teacher came
And held my hand.
I went with her, making friends.
When I looked up at her for help
She came to my aid,
She taught me the things,
Without measure and reluctance.
She makes my future better
Which makes my parents happier
Oh! My teacher you are so loving
I enjoyed the time with you.

The Arrogant Cow

In a town, there lived an arrogant cow, who always shows off about herself.

One day her calf said to her mother, Mummy, I just saw an animal which was as big as a mountain!"

"Oh! Its only the circus elephant I can also make myself as big as his looks." So the cow began to blow herself out till she became broader and broader. Then she asked, was he this big? No mummy he was even bigger said her calf, so the arrogant cow continued to blow herself bigger and bigger. The little calf stood amazed at the sight. At last, the cow became so large that it couldn't breath anymore. Just then, an angel appeared and said, "look, you are so proud of yourself but in your foolishness, you are now stuck in this position." When the cow begged for mercy and said never to show off again, the angel waved her stick and the cow returned to her normal size.

THE GREAT PACIFIC GARBAGE PATCHES

Everybody throws away trash with little or no thought about where it is going. What you might not know is that a lot of trash goes into our ocean. You may think it is not a big deal and that it is just a little bit of trash. In fact, it's a whole lot! Trash gather in five ocean garbage patches, the largest one being the 'Great Pacific Garbage Patches' located between Hawaii and California. If left to circulate, the plastic will harm our ecosystem, health and economics. To solve this problem, dumping garbage in the ocean should be stopped and cleaning up what has already gathered in the ocean should be started. For this, ocean clean up, a floating rubbish gathering system and plans are being developed.

So my friends, we can start cleaning our water bodies by stopping the usage of plastic bags and not throwing waste into our water bodies. Remember that you are destroying the blue colour of the world.

BUDDHA AND THE GIFT

One day Buddha was giving a discourse to his disciples. Then, a person, who was not very fond of Buddha came there.

“You are ruining your disciples. This should never happen”, he said.

Buddha did not respond. This made the visitor furious.

He began to rebuke Buddha using bad words. Buddha didn't respond to this either, but a smile appeared on his face.

Seeing this, the visitor approached Buddha.

‘Even after hearing everything I said, how could you remain silent?’ he asked.

Buddha opened his eyes and asked a question to the visitor.

‘Someone gives you a gift. If you don't accept that gift, whom does it belong to?’

“Certainly to the person who brought it”, the visitor replied.

Buddha continued, “Your words are also like that. I didn't accept any of them. So, then, don't they belong to you? This is the reason behind my silence”.

The visitor felt ashamed of himself when he heard Buddha's words.

9's MAGIC

$$81 \times 99 = 8019$$

$$343 \times 999 = 342657$$

$$5421 \times 999 = 54204579$$

To find the answer of this type of questions we want to study friends table.

9 - 0	} Friends
8 - 1	
7 - 2	
6 - 3	
5 - 4	

$$59 \times 99 = 5841$$

$$83 \times 99 = 8217$$

$$438 \times 999 = 437562$$

This method is applicable only if 99,999,9999 etc is multiplied by any 2 digit, 3 digit, 4 digit numbers and so on respectively.

Suppose if any 3 digit is multiplied by 9999, we won't get the right answer. ie we get the answer only if 999 is multiplied by any 3 digit number.

Nature – A Great Teacher

Nature is the mother. It is essential for us because it provides all the basic needs of life. Nature is also a great teacher. We can learn many lessons from her. The flower blooms only for a day, yet it keeps smiling till the end. This is a lesson for us. we should live our life to the fullest, how short it may be. water is soft but it flows over hard rocks, the rocks give in. In the same way our problems may be difficult but if we persist they too give in. Tiny ants organise themselves and carry away heavy insects. They teach us that we can do impossible tasks through teamwork. We can learn from it that the difficult time will never remain with us forever. Thus nature is the greatest gift of God to mankind. Every object of nature teaches us something about life.

How to invite a success to your life

Let me tell you something you already know.' The world ain't all sunshine and rainbows'. It is a very mean and nasty place and I don't care how tough you are, it will beat you to your knees and keep you there permanently if you let it.

You, me or anybody is gonna hit as hard as life. But it ain't about how hard ya hit. 'it's about how hard you can get hit and keep moving forward.' Once the Great Einstein told "life is like riding a bicycle, to keep your balance you must keep moving" how much you can take and keep moving forward, you gain success in life. There is no success in life but there is a value in life.

Now if you know what you're worth then go out and get away what you're worth. But you gotta be willing to take the hits, and not pointing fingers saying you ain't where you wanna be because of him or her on anybody! Cowards do that and that ain't you. YOU'RE BETTER THAN THAT!

I'M always going to love you no matter what. No matter what happens. You are my son and you are my blood. You're the best thing in my life. But until you start believing in your self, you are not going to have a life. From Rocky Balboa a great fictional character says 'going in one more round when you don't think, you can. That's what makes all the difference in your LIFE'. "off road , look around and Go wild."

Importance of Education in our Life

Education is a constitutional right of every citizen that prepares an individual to play their role as a sophisticated member of society. The importance of education can be implied by habituating the lack of its existence.

The importance of education and its significance can be understood through the life of an ignorant and illiterate person, who has never had the chance to visit the school and is experiencing the bane of illiteracy. Why is education an essential factor in our life? He/she knows the prominence and importance of education and its changes in an individual's life

The enormous hardship of illiteracy is its constant dependency issue. An illiterate individual depends on others for his/her survival. Education prepares its wings to fly and explores the surroundings while being confident and opportunistic. Education builds individuals, educated individuals build better societies and better societies build great nations.

Empowerment on Women

“Woman is the companion of man, gifted with equal mental capacity” quoted by Gandhiji Women’s contribution in this twentieth century is seen in every field of development. Women set foot in every field not to prove that they are equally able as men but to enlarge their abilities and skills. Education plays an important role in the empowerment of women. Only the educated had taken strides for the changes in the society.

Bhavya Babulal
X E

From the early times to this present time more women had come up with their ablaze ideas for the development in the society. Women of today were more hardworking and they were working to achieve their goals than being an introvert. It’s all because of the knowledge they had acquired through education. Many reformers of early times had taken movements for empowering woman. In politics from Pratibha Patel to Droupadi Murmu many women had come across for the nation’s growth in Indian history. One conspicuous thing is that the number of women who worked either in politics or in science and technology is comparatively less in earlier times.

If we could educate girls then we will succeed in everything. Education plays a key role in empowering woman. Now opportunities of great education are also equally opened for women. For empowering woman in rural areas, numerous social workers have been taking substantial efforts to encourage them to utilise the opportunities available to them. Government of India had confiscated numerous steps for empowering women. Many schemes such as “Beti Bachao Beti Padhao”.....etc were introduced by the government. These schemes had encouraged young girls and women in rural area to invigorate the skills in them to make use of the opportunities opened to them in the society

There are many great women in India like Indira Gandhi, K R Gouriamma etc... and some living examples are Shailaja teacher, Nirmala Sitaraman, P T Usha and many are there. We get inspiration from their life stories. Today, they are able to change or inspire others life. If you worked hard for achieving your goals than you can be the next among these women and can inspire many lives. Waxing Crescent

Yesterday, on my way back home
Sitting by the window seat
I felt some one's looking at me
I looked outside to my left,
Up in the sky, which had a
Lovely dark blue shade, which
Was glittered by the sparkling beauties...
I saw him standing like a 'c'
Written by a toddler who did not
Knew how to write a 'y'

For a few minutes, i didn't see him.
Me thought ' he had left'..... but i saw
Him again waiting ahead of me for
'Me' saw him smiling at me while
Coming along with me.

I looked at him with my eyes filled
With or strange emotion. I couldn't
Take my eyes off from him.
I guess, he got shy and moved
Backwards, and stood behind my eyes.

Not leaving me half way...
He came with me to my house
Stood just above my roof and
Glanced until I went inside.
I heard him say " Bye- Bye!"
When the wind waved the branches
And leaves of my trees in the garden

A Maple Leaf- to My Mom

It is the start of Autumn fall. I miss my beloved mom, with whom I walked under the trees in the Maple garden ever since I started walking. My mother had a lot to tell about every season but Autumn was really special for her. She always says, when Autumn comes it always brings her joy. It won't be something special but she becomes pleasant just by walking under the shower of maple leaves.

My mom collects a maple leaf on every fall. Now when I'm walking under these trees, I know what 'My' real happiness is. Every fall is special for my mother, but for me her presence is special.

Mom taught me countless things in my life and I'm really grateful for everything. She did hurt me, but I knew she was right only after all these years. She knew how fine a maple tree is just by looking at it. I knew how much she loved me just by seeing her smile whenever I did something wrong. Her smile corrects me when I'm wrong, the same smile gives me courage to move ahead. She has a really beautiful smile, but the smile made many wrinkles on her beautiful face and those wrinkles made my heart ache. Why does, why does aging mark physically!

Like the maple leaves her hands are: they are shiny but the veiny markings can be seen. I used to hear from my mother that Autumn has a sweet smell, but I've never felt it has, but now I know what was really sweet (when I'm walking alone under the orange shaded leaves of maple trees) it was her, the way she talked.

Walking back home from the Maple garden I'm holding a maple leaf for..... 'her', yes its for my mom, who collects a maple leaf every fall after my arrival, who is still eager to make me a birthday cake.... now, what is special about Autumn, which gave all the happiness to my mom: Is it because I was born during the fall season?

NIKOLA TESLA – THE FORGOTTEN GENIUS

“If you want to find the secrets of the universe, think in terms of energy, frequency and vibration”. Nikola Tesla

Tesla was born in the town of Smiljan in present-day Croatia on July 10, 1856 to Milutin, an Eastern Orthodox minister, and Georgina, a brilliant woman who was an inventor herself. Tesla's birth seemed to foreshadow his life's work, as his mother was in labor during a massive lightning storm. According to family legend, the midwife said halfway through the birth: this child will be a child of darkness to which his mother replied, “No, he will be a child of light.” his mother was not wrong—as we know today Tesla is the reason we have alternating current.

As a child, Tesla saw flashes of light that repeatedly came to him before he had ideas when Tesla was five years old he saw his only brother die in a horse riding accident. It was after this that Tesla began having the flashes of lights and visions. It's possible that these flashes were actually caused by this traumatic event. Tesla memorized entire books, visualized his projects and ideas and spoke several languages. Tesla credited his own photographic memory to the genes he inherited from his mother, who had an eidetic memory. Tesla's father was a priest and wanted him to become one too but Tesla was interested in engineering. He went to study in Australia at the Technical College of Graz where he is said to have worked from 3 am until 11pm every day. Professors were worried that he would die from exhaustion. Tesla had a beautiful mind. He could perform calculus in his head. He was a good student at the start but would not finish school. He dropped out after becoming addicted to gambling and cut ties with his family so they wouldn't find out.

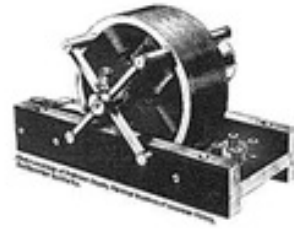

Tesla moved around Europe and eventually ended up in Budapest. He had found a job as an electrical engineer with the Central Telephone Company in Budapest. While walking around a park in the city one day, Tesla got one of his visions. He knew how to build an induction motor. He picked up a stick, found a patch of dirt and sketched out his idea there and then. He built a pro-

tototype of the motor. He knew the importance of it but couldn't drum up much interest for his invention in Europe

In 1882, Tesla settled in Paris to work for the French branch of Thomas Edison's electric company. he started off installing indoor lighting but the managers noticed his talents and had him doing more complicated work. Designing and building dynamos and motors, he was soon travelling throughout Europe fixing problems at other Edison branches. Two years later, Tesla's manager offered him a job at Edison Machine works in New York City. Tesla initially had a good impression of Edison. Edison was also impressed by Tesla, later saying "I have had many hard-working assistants but you take the cake." This mutual admiration didn't last. They would become bitter rivals. Edison and Tesla disagreed over the alternating current and the direct current, with Tesla favouring alternating and Edison favouring direct, but its still unclear if that disagreement was the primary reason Tesla ended up leaving the company. Tesla and Edison also differed in their approaches to business and science. Edison was attuned to the marketing side of things, while Tesla was highly focused on the scientific invention and innovation part of the work. Edison's company offered him 50000 dollars as a bonus, if he could improve some machine that ran on DC. When he did, the manager refused to pay up. The manager and Edison claimed the challenge had been issued jokingly. Another account of the story has Edison telling Tesla: "Tesla, you don't understand our American humor". Regardless of the reason, the fact is that Tesla departed from Edison's company after a few months.

Tesla formed his own electric company in 1885. It wasn't so easy to just get started. when Tesla quit Edison's company, he had to earn money to live on by digging ditches for two dollars a day.

"My high education in various branches of science, mechanics and literature seemed to me

like a mockery." He said of this time. While he was doing that, he was pitching investors by 1885, he was working on getting his arc lighting system patented and had a funding promise to start Tesla Electric Light and Manufacturing. Only a year into the venture, through, they pulled out and left Tesla in the lurch. Yet again, the inventor was penniless In 1886 he met two men who were looking to invest in scientific inventions. They set Tesla up with a laboratory in New York city established a profit sharing structure and the Tesla Electric company was born. In only one year, Tesla had created an induction motor that ran on alternative current. This time he had two business partners who were ready and willing to handle the marketing and business. Tesla patented the motor and showed it off the following year at the American institute of Electrical Engineers that caught the attention of George Westinghouse, a major player in the electric market who realized Tesla's AC motor might just be what he needed to complete his alternative current system and complete against Edison's DC system, Westinghouse licensed Tesla's induction motor and also gave him a consulting job at the Westinghouse Electric and manufacturing lab in Pittsburgh. Westinghouse wanted to be the person who provided the Us with long distance power, and he believed Tesla was the person to help him achieve his goal. In the early 1890s, Westinghouse and Edison were competing heavily in the electric industry. Edison was throwing out claims that Tesla's AC current wasn't safe but Westinghouse paid Tesla for the licensing.

One of Tesla's projects was the Tesla coil, which he patented in 1891, allowed electricity to be transmitted wirelessly. It was the first invention of its kind, and it was used in antennas, used to send telegraphs and even though the original design isn't used anymore a different version of it is still used in TV and radios to this day. Tesla continued his relationship with Westinghouse into the 1890s, as they sought out his help for the 1893 Columbian exposition in Chicago. Here Westinghouse gave demonstrations to the public, showing how an AC current worked. It was clear to the 27 million people who attended that AC would power the future. Their success continued when they out Edison's General Electric again to build the world's first alternating current power plant in Niagara falls. The hydroelectric plant was a massive success. His statue can be found at Niagara falls today. Westinghouse and

Tesla won the war of currents and direct current was being phased out.

Tesla never stopped inventing. Wireless transmission of electricity was one of his main goals, but he needed funding to achieve it. Living in New York, he had ample access to wealthy people. He was able to convince J. Pierpont Morgan of the viability of wireless transmission. He was competing with Marconi to transmit wireless messages, but Marconi got there first investors including Morgan pulled funds from Tesla's project and he was forced to abandon the efforts. This radio incident negatively impacted rest of Tesla's career.

Tesla's mental health deteriorated. He lived his last decade in New Yorker hotel beginning in 1933. Westinghouse Corporation hired him as a consultant and paid for his room. He lived rent free but died in debt. Behind him, Tesla left a legacy of invention, innovation and scientific exploration. He played a crucial role in the spread of electricity and the creation of devices that led to the technology we have today.

OPRAH WINFREY

Oprah Winfrey is considered the most influential African American of her generation. She is a role model to many individuals because of her tough childhood, wonderful charity work, her schools and true relationships with her fans. Oprah stands out among many people on her ability to feel others' pain and help those people get through their troubling times.

Oprah Gail Winfrey was born on January 29, 1954. Oprah is an American talk show host, television producer, actress, author and philanthropist. She is best known for her talk show, 'The Oprah Winfrey Show', broadcast from Chicago, which ran in national syndication for 25 years from 1986 to 2011. She was the richest African – American of the 20th century, was once the world's only black billionaire, and the greatest black philanthropist in U.S history.

Much of her turbulent youth was spent in poverty. Her grandmother took care of her till the age of 6. Her grandmother taught her to read before the age of 3. She often wore potato sacks as dresses. She has stated that she was molested during her childhood. She grew up under the shadow of abuse, poverty and neglect, was looked down by many people because of her skin colour, faced severe racism but never not even for a second doubted herself. Winfrey was then sent to live with the man she calls her father, Vernon Winfrey, a barber in Nashville, Tennessee and landed a job in the radio while still in High school. By 19, she was a co-anchor for the local evening news. Winfrey's often emotional, extemporaneous delivery eventually led to her transfer to the daytime talk show arena, and after boosting a third rated local Chicago talk show to first place, she launched her own production company.

By mid 1990's, Winfrey had reinvented her show with a focus on literature, self-improvement, mindfulness and spirituality. Though she has been criticized for unleashing a confession culture, she has also been praised for overcoming adversity to become a benefactor to others. She discussed health, spirituality, literature and social issues in addition to the celebrity interviews for which she had become famous and boasted a worldwide audience for over 100 million. Her talk show called 'the Oprah effect' which influenced the American public in terms of books sales, religion, spirituality, and even political opinions. She also donates more of her money to charity than anyone else in show business.

In 2013, Winfrey was awarded the Presidential Medal of Freedom by President Barack Obama and received honorary doctorate degrees from Duke and Harvard. In 2006, she formed her own network (OWN) Oprah Winfrey Network. Winfrey revolutionized the tabloid talk show genre pioneered by Phil Donahue. In 1994, she was inducted to National Women's Hall of Fame. Winfrey has won many accolades throughout her career which includes 18 Daytime Emmy Awards. Bob Hope Humanitarian Award, Tony Award, etc.. Winfrey was also elected as the member of American Academy of arts and sciences in 2021.

"The thing you fear the most has no power. Your fear of it is what has the power. Facing the truth really will set you free." - Oprah Winfrey

LOU MERANDEETE (The artistic statue)

She flees the night away
Into the distant unknown
For to set her soul wild
With the wind , with the waves
With the storm passing astray
Just so, she won't mourn alone.

Her hands move swiftly with the breeze
Never waiting for the inevitable,
Just moving on its own
And reproducing the finest art
Her passion into this piece-
Extends beyond one's worldly irreplaceable.
Her flight is like that of an eagle
Where she soars high up the world
And demands their right to herself,
The way she glides down from the warm sky
Its like the great orator's sound is so feeble
Til you feel yourself being not heard

The spectators go at awe at her creation
When her Hawaiian fingers snap,
Such a charm does she possess;
While her moves attract the liberate artists
Who waited forever at the station
To catch the train towards the artistic unwrap

She shines like the sun in the midnight ocean
Feeling herself when on the cliff
Staring onto the distant waters
Who taught her to be free and young
In her own

Canvas

My mind wanders with the cloudy sails
Revisiting the grey stone scattered lake
from where her water hails,
But the picture when painted was fake,
My heart groaned amidst the rails
As I can never capture it gorgeous snowflake.

I wonder how long her midnight locks are
For through her cascades, I wanted to drown.
I love how she makes me feel far
away from home yet stays when I'm down,
Her stars smile to clear my internal war
And that's the pleasure I need to crown.

The melodies I can't stroke with my brush
Is how everything she hops away from my catch,
Her soft wind makes my heart flush
And never makes me regret my match;
The soul always yearns for the bush
green mess to stay back with her calm seas to attach.

Always do I ponder on how to paint
when my head feels heavier;
My empty canvas waits, past the hours faint
Until you flow to be my saviour:
Distant hues of blue manifest my inner saint
As crispy orange marks the end of my love's year.

മയിൽപ്പേട

രാഗാർദ്രമാം ഏതോ സന്ധ്യയിൽ,
ഒരുവേള പുത്തുലഞ്ഞയാമത്തിൽ
അന്നു ഞാനാ മയിൽപ്പേടയെ കണ്ടു
ഏതോ കുന്നിൻ ചരിവിലിളം തണുപ്പിൽ

ഇരുൾ മുടും ഇടവഴിയിൽ പിന്നെയും
കണ്ടു ഞാനാ മയിൽപ്പേടയെ
രാഗാമൃതം ചുണ്ടിലലിയും പാട്ടുമായി
പീലി വിടർത്തിയാടും മലർവനിയിൽ

പീലിവിടർത്തി നിൻ നൃത്തം മനോഹരം
ചേതോഹരം ഏതോ സ്വപ്നം പോലെ
പാട്ടിൻ ലയം താളം മനോഹരം
നിൻ നൃത്തം എൻ മനസ്സിലലിഞ്ഞു.

യാത്ര

യാത്ര പലതരം
 പക്ഷേ ജീവിതയാത്ര അതു വേറൊന്ന്
 പല പല ആളുകൾ
 പല പല അനുഭവങ്ങൾ
 കണ്ണീരും സങ്കടവും
 ചിരിയും സന്തോഷവും
 അങ്ങനെ എന്തൊക്കെ കഥകൾ!
 ജീവിതത്തിന്റെ ഒരു ഘട്ടം
 അവർ ആർത്തുല്ലസിക്കുന്നു
 പക്ഷേ, മറുഘട്ടം
 അവർ കണ്ണീർ തുടയ്ക്കുന്നു.
 ജീവിതത്തിൽ എന്തു സംഭവിക്കുമെന്നോ
 എപ്പോൾ സംഭവിക്കുമെന്നോ
 എങ്ങനെ സംഭവിക്കുമെന്നോ
 അറിയില്ല.
 ജീവിതം അതേത്ര പഠിച്ചാലും
 തീരില്ല.
 അതേത്ര അനുഭവിച്ചാലും
 മനസ്സിലാവില്ല!
 ഇന്നു നമുക്കു പ്രിയപ്പെട്ടവർ
 നാളെ നമ്മുടെ ശത്രുക്കൾ
 നമ്മളെ വിശ്വസിച്ചിരുന്നവർ പോലും
 നമ്മളെ ചതിക്കും
 എല്ലാം അനിർവചനീയം!

മഞ്ഞുതുളികൾ

ഹൃദയത്തിൽ എന്തെന്നില്ലാത്ത ഒരു സന്തോഷം, ഒരു കുളിർമ മനസ്സിൽ വല്ലാത്തൊരു ആനന്ദം കൂടികൊള്ളുന്നതുപോലെ. ഞാൻ രാവിലെ എഴുന്നേറ്റു വേറെ ജോലികൾ എല്ലാം ചെയ്തിട്ടു വീടിന്റെ തൊട്ടടുത്തായി സ്ഥിതിചെയ്യുന്ന ചെറിയ പുന്തോട്ടത്തിലേക്കു കണ്ണും നട്ടു നിന്നു. ഇതുവരെയും ഇല്ലാത്ത ഭംഗി. പൂക്കൾ ചിത്രശലഭങ്ങൾക്കൊപ്പം തുള്ളുകയും ആഘോഷിക്കുകയും ചെയ്യുന്നു. എന്തൊരു മോടി.

രാവിലെ സമയം 8.30, ഇപ്പോൾ ഓഫീസിൽ പോകണം. എന്നും ചെയ്യുന്നതു തന്നെ. എങ്കിലും മടുപ്പു തോന്നിയില്ല. വീട്ടിൽ ആകെ ഞാൻ മാത്രം. എല്ലാ ദിവസവും റോഡരികിലൂടെ നടന്നുപോകുന്ന ഞാൻ. മനുഷ്യൻ പണത്തിനുവേണ്ടി നേട്ടോട്ടം ഓടുന്നു. ആർക്കും ആരെയും ശ്രദ്ധിക്കാൻപോലും സമയമില്ല. ഈ തിരക്കേറിയ നാട്ടിൽ ഞാനും അങ്ങനെ പോകുന്നു. അങ്ങനെ കാലങ്ങൾ കടന്നുപോയി. ഒരിക്കൽ ഞാൻ ഇതേ പാതയിലൂടെ നടന്നു പോവുകയായിരുന്നു. അപ്പോഴാണ് ഒരു കാര്യം എന്റെ ശ്രദ്ധയിൽപെട്ടത്. എന്നെ വല്ലാതെ അത്ഭുതപ്പെടുത്തിയ ഒരു കാഴ്ചയായിരുന്നു അത്. ഞാൻ മുന്നോട്ടു വന്നുനോക്കി. അപ്പോഴാണ് ഒരു മനുഷ്യൻ മുറിവുകളിൽ പിടഞ്ഞു കിടക്കുന്നതു കണ്ടത്. അയാൾ വേദന അമർത്തിപ്പിടിച്ചു കിടക്കുന്നു. 'എന്റെ കണ്ണുകൾ ആ കാഴ്ച കണ്ണുനീർ കൊണ്ടു മുടിച്ചുകളഞ്ഞു.' ഞാൻ കണ്ണുകൾ തുടച്ച് വേഗം അയാളെ ഹോസ്പിറ്റലിൽ കൊണ്ടുപോയി. അയാളെ ഐസിയുവിൽ കയറ്റി. പീനീട് ഞാൻ ഹോസ്പിറ്റലിൽ നിന്നു മടങ്ങി. ഞാൻ വീട്ടിൽ എത്തി.

എന്റെ ഹൃദയത്തെ ആരോ പഠിച്ചുകളയുന്നതായി തോന്നി. ആ ദിവസം മുഴുവൻ എന്റെ ശരീരത്തെയോ മനസ്സിനെയോ നിയന്ത്രിക്കാൻ കഴിഞ്ഞില്ല. ആടി ഉലഞ്ഞ അവസ്ഥ. ആ രാത്രിയിൽ ആ ചിന്ത എന്റെ മനസ്സിനെ അന്ധകാരത്തിൽ വിഴുങ്ങിക്കളഞ്ഞു. ആ മനുഷ്യന്റെ മുഖം എനിക്കുതോന്നി. ഞാൻ അതിരാവിലെ തന്നെ എഴുന്നേറ്റ് ഒരു ഒട്ടോയിൽ കയറി ഹോസ്പിറ്റലിൽ ചെന്നു. ഞാൻ ഡോക്ടറെ കണ്ടു. അപ്പോൾ അയാൾക്കു കുഴപ്പമൊന്നുമില്ലെന്നും താങ്കൾക്കുപോയി കാണാമെന്നും പറഞ്ഞു. അപ്പോൾ എന്റെ ഹൃദയം സന്തോഷം കൊണ്ടു തുള്ളിച്ചാടി. എന്റെ മനസ്സിൽ ആകാംക്ഷയുണർന്നു. ഞാൻ മുറിയുടെ വാതിൽ തുറന്നു. അപ്പോൾ അയാൾ അവിടെ വിശ്രമിക്കുകയായിരുന്നു. ആ മുറിയുടെ മുകതയെ തകർത്തുകൊണ്ട് ഞാൻ ചോദിച്ചു 'ദയവായി ഈ മുറിയിൽ കയറിക്കോട്ടെ?' അയാൾ കിടക്കയിൽ നിന്നെഴുന്നേറ്റ് എന്നെ നോക്കി. ഞാൻ മുഴുവനായി തളർന്നുപോയതുപോലെ. അയാളുടെ മുഖത്തും ഉദിച്ച ആ സന്തോഷം വർണ്ണിക്കാൻ കഴിയാത്തതായിരുന്നു. ഞാൻ സന്തോഷം കൊണ്ടു മതി മറന്ന് ഉല്ലസിച്ചു. ഞാൻ അയാളുടെ കണ്ണുകളിൽ നോക്കി. ആനന്ദത്തിന്റെ കണ്ണുനീർ പൊഴിയാൻ തുടങ്ങി. ഈയൊരു ജന്മത്തിൽ ഇനി കാണുവാൻ കഴിയുകയില്ല എന്നു കരുതി പിരിഞ്ഞവർ. അവൻ ആയിരുന്നു എന്റെ സുഹൃത്ത്, എന്റെ അനുജൻ എല്ലാറ്റിനും ഉപരിയായി എന്റെ സർവ്വവും. എന്റെ 'മേ

നോൻ കുട്ടി' ബാല്യത്തിൽ എവിടെയോ തുറന്ന ഒരു പുസ്തകം. വർണ്ണനകൾക്കപ്പുറമായിരുന്നു ആ ജീവിതം. ഞങ്ങൾ രണ്ടുപേരും മതിമറന്നു ചിരിച്ചു കൊണ്ട് കെട്ടിപ്പിടിപ്പിച്ചു. അവിടെ നിന്ന് ഇതു കണ്ടവരിൽ ഭൂരിഭാഗവും സന്തോഷം കൊണ്ടു ചിരിച്ചു. എന്റെ ബാല്യത്തിൽ സംഭവിച്ച ഒരു കഥയാണിത്. അതായിരുന്നു അവനും ഞാനും തമ്മിൽ ഉണ്ടായ ബന്ധത്തിന് കാരണം. ഒരിക്കൽ എന്റെ ഏഴാംക്ലാസ്സിലെ ആദ്യത്തെ ദിവസം. ആരെയും അറിയില്ല. ഞാൻ അങ്ങനെ വരാന്തയിലൂടെ നടക്കുകയായിരുന്നു അപ്പോഴാണ് കുറച്ചധികം കുട്ടികൾ എനിക്കുനേരെ വരുന്നതു കണ്ടത്. അവിടെ നിന്നും മാറാനുള്ള തിടുക്കത്തിൽ എന്റെ തല നേരെയുണ്ടായിരുന്ന ഒരു മതി

ലിൽ ഇടിച്ചു. ഇടിയുടെ ആഘാതത്തിൽ എന്റെ ബോധം നഷ്ടപ്പെട്ടു. ഞാൻ അടുത്തുണ്ടായ മേശമേൽ വീണു. അത് കണ്ടവർ ആരും എന്നെ സഹായിച്ചില്ല. വേഗം തന്നെ തലയിൽ നിന്നു ചോരത്തുള്ളികൾ വരാൻതുടങ്ങി. അപ്പോൾ എന്നെ രക്ഷിക്കാനായി ഒരു കുട്ടി. കണ്ടാൽ ഒരു ചെറിയ കുട്ടി ഏഴാംക്ലാസ്സ് വിദ്യാർത്ഥി. അവൻ എന്നെ ടീച്ചറിന്റെ റൂമിൽ എത്തിച്ചു. അപ്പോഴേക്കു കുറച്ചധികം ചോര പുറത്തുപോയിരുന്നു. ആ ചോര പുരണ്ട കൈയുമായി അവൻ നടന്നുപോയി. പീന്നിട് ദിവസങ്ങൾക്കുശേഷം ഞാൻ ക്ലാസ്സിൽ വന്നു. അപ്പോഴാണ് ഞാൻ മനസ്സിലാക്കിയത് അത് എന്റെ ക്ലാസ്സ് മുറിയിൽ ഒരുമിച്ചു പഠിക്കുന്ന വിദ്യാർത്ഥിയാണ് എന്ന്. ഞാൻ അവനെ കെട്ടിപ്പിടിപ്പിച്ചു. ചിലപ്പോൾ അവൻ എന്നെ രക്ഷിച്ചിലെങ്കിൽ അത് എന്നെ എത്രത്തോളം ബാധിക്കുമെന്ന് എനിക്ക് അറിയില്ല.

അടിസ്ഥാന വിദ്യാഭ്യാസത്തിന്റെ ഉറവിടം - കുടുംബം

P. G. Krishna
X D

നമ്മുടെ വിദ്യാഭ്യാസം തന്നെ തുടങ്ങുന്നത് നമ്മുടെ കുടുംബത്തിൽ നിന്നാണ്. വീട്ടിൽ നിന്നാണ് നാം ചെറിയ കാര്യങ്ങൾ തൊട്ട് വലിയ കാര്യങ്ങൾ വരെ പഠിക്കുന്നത്. നമ്മുടെ ആദ്യക്ഷരം മുതൽ എല്ലാ കാര്യങ്ങളും പറഞ്ഞുതന്നും പഠിപ്പിച്ചുതന്നും വളർത്തിവളർത്താനാണ് നമ്മുടെ മാതാപിതാക്കളാണ്. പണ്ടു തൊട്ട് ഒരു ചൊല്ലുണ്ട് 'ചൊട്ടയിലെ ശീലം ചുടല വരെ', അതായത് നമ്മൾ കുഞ്ഞായിരുന്നപ്പോൾ മുതൽ നമ്മൾ മരിക്കുന്നതുവരെ നമ്മൾ ശീലിക്കുന്നത് ചെറിയ പ്രായത്തിൽ ശീലിച്ചുവന്ന കാര്യങ്ങളായിരിക്കും

നമ്മുടെ പെരുമാറ്റവും സ്വഭാവവും എല്ലാം നമ്മൾ സ്വന്തം വീട്ടിൽ നിന്നാണ് പഠിക്കുന്നത്. വീട്ടിലെ മുതിർന്നവരെ കണ്ടാണ് കുട്ടികൾ പഠിക്കുന്നത്.

ഇപ്പോൾ ഈ തലമുറയിൽ നാം കണ്ടുവരുന്നത് വീട്ടിലെ രക്ഷിതാക്കൾ അമിതമായി മൊബൈൽ ഫോൺ ഉപയോഗിക്കുന്നതാണ് കുട്ടികളെ നന്നായി അവർ ശ്രദ്ധിക്കുന്നില്ല, കുട്ടികൾ അതു മുതലെടുത്ത് ഓൺലൈൻ ക്ലാസ്സ് എന്ന പേരിൽ യൂട്യൂബ് മുതലായവയിൽ കളിക്കുന്നു. ഇതു തന്നെ നല്ല ഉദാഹരണമാണ്, കുട്ടികൾ മുതിർന്നവരിൽ നിന്നാണ് പലതും പഠിക്കുന്നതെന്നതിന്.

വീട്ടിൽ പെരുമാറുന്നതുപോലെ കുട്ടികൾ പുറത്തു പെരുമാറുകയും വീട്ടിൽ പറയുന്ന ഓരോ വാക്കും കുട്ടികൾ നാളെ ഉപയോഗിക്കുകയും ചെയ്യും, അതിനാൽ മുതിർന്നവർ അത് അമ്മയായാലും അച്ഛനായാലും അപ്പുപ്പനമ്മമ്മമാരായാലും വാക്കും നാക്കും നിയന്ത്രിക്കണം. അല്ലെങ്കിൽ അത് തിരിഞ്ഞ് നമ്മളിൽ തന്നെ പതിച്ചേക്കാം.

ഓൺലൈൻ ക്ലാസ്സുകൾക്കുശേഷം കുട്ടികളിൽ വളരെയധികം മാറ്റങ്ങളാണ് ഉണ്ടായിട്ടുള്ളത്. കൂടുതൽ കുട്ടികളിലും ഇപ്പോൾ അധ്യാപകരോടുള്ള ബഹുമാനക്കുറവ്, തർക്കത്തരം പറച്ചിൽ എന്നീ കാര്യങ്ങൾ കൂടിയിട്ടുണ്ട്. വീട്ടിൽ ഇത് ഇല്ലെന്നല്ല, ഇത് കുട്ടികളെ പറഞ്ഞു മനസ്സിലാക്കിക്കൊടുക്കണം.

അടിസ്ഥാന വിദ്യാഭ്യാസം കുടുംബത്തിൽ നിന്നാണ് കുട്ടികളിലേക്കെത്തുക. അതിനാൽ, വീടുകളിൽ അതുപോലെ മുതിർന്നവർ പെരുമാറാൻ ശ്രമിക്കണം, അക്കിടി പറ്റിയിട്ട് പിന്നെ കാര്യമില്ല. കുട്ടികളുടെ തെറ്റുകൾ മാതാപിതാക്കൾ തിരുത്തുവാൻ ശ്രമിക്കണം. കുടുംബങ്ങൾ ഇമ്പമുള്ളതാണ് കുടുംബം, എല്ലാവരും അതനുസരിച്ച് വീടുകളിൽ അലസത ഒഴിവാക്കി പോവുക. കുട്ടികൾക്ക് ഒറ്റപ്രാവശ്യം കേട്ടാൽ അത് അവരുടെ മനസ്സിൽ പതിയും. അതിനാൽ നമ്മൾ നല്ലതുമാത്രം പറഞ്ഞും അവർ അത് കേട്ടും വളരട്ടെ. അതാണ് നമ്മുടെ സമൂഹത്തിനു നല്ലത്. നല്ലവരായി വളരാൻ കുട്ടികളും നല്ലതു പറഞ്ഞു പോകുവാൻ മുതിർന്നവരും ശ്രമിക്കുക. വിദ്യാഭ്യാസം എന്നത് സ്കൂളുകളിൽ മാത്രം ഒതുങ്ങുന്നതല്ല അത് വീട്ടിൽ നിന്നുകൂടി നാം ആർജ്ജിക്കേണ്ടതാണ്.

ഗ്രാമസന്ധ്യ

ഇരുട്ട് മെല്ലെ വീണു തുടങ്ങിയ ഗ്രാമം....
 സന്ധ്യാസമയം.
 സൂര്യൻ മെല്ലെ താഴ്ന്നു പോന്നു
 മരങ്ങളെ തഴുകി വരുന്ന ഇളം കാറ്റ്
 അവിടെയും ഇവിടെയും ഓടുന്ന കുരുന്നുകൾ
 ചിറകടിച്ചു പറന്നു പോകുന്ന പക്ഷികൾ.
 സന്ധ്യയുടെ ഭംഗിയിൽ ആ ഗ്രാമം തിളങ്ങി
 ഭക്തകീർത്തനങ്ങളുടെ സന്ധ്യാസമയം
 കുരിശുട്ടിനുവേണ്ടി കാക്കുന്ന സമയം
 പുഴയിലെ വെള്ളത്തെ സ്വർണ്ണമാക്കുന്ന സന്ധ്യ.
 ശാന്തിയും സമാധാനവും നിറയുന്ന സന്ധ്യ.
 ഒരു ഗ്രാമസന്ധ്യ.

ചോരകിനിയുന്ന വാനത്തിൽ,
 കൂടുതേടി നീങ്ങുന്ന പറവകൾ.
 ആഴിയിൽ മറയാൻ കാത്തുനിൽക്കു-
 ന്ന, സൂര്യനു വിടപറയാൻ കാത്തു-
 നിൽക്കുന്ന പാടങ്ങൾ.
 പാടത്തിന്റെ കുറുകെ നേർവര-
 പോലെയുള്ള പാത തനിച്ചു
 നിൽക്കാൻ ഭയക്കുന്നു. ഭയക്കുന്നത്
 മറ്റാരെയുമല്ല, ഇരുട്ടിലൂടെയും തന്നെ
 മെതിച്ചു പോകുന്ന മനുഷ്യനെ!
 എന്നാൽ പാടം ഭയത്തിലല്ല,
 സങ്കടത്തിലാണ്! തന്റെ പ്രിയ
 കൂട്ടുകാരൻ, മണ്ണിന്റെ പുത്രൻ-
 കർഷകൻ, അവനെ കാണാൻ
 ഇനി നിലാവ് വെളുക്കണം.
 പാതയോരത്ത് തനിച്ചുനിൽക്കുന്ന
 കാറ്റാടി ആരോടും വ്യസനമറിയി-
 ക്കാതെ തല കറക്കി പാതയുടെ
 വ്യസനം കേട്ടുകൊണ്ട് നിൽക്കുന്നു,
 നിസ്സഹായനായി!
 തലയ്ക്കുമുകളിലുള്ള തറവാടുകളിലേക്ക്
 പറവകളെ മാടി വിളിച്ച് ഇളം കാറ്റി-
 ലാടി സൂര്യനെ വണങ്ങി വിശ്രമി-

 ക്കു വ്യസനമില്ല. സന്തോഷം മാത്രം!

സാഹല്യം

ഈ കഥ തുടങ്ങുന്നത് ഒരു ചെറുഗ്രാമത്തിലാണ്. അവിടെ അനേകം വീടുകളുണ്ടായിരുന്നു. എന്നാൽ ഒരു വീടുപോലും നല്ല കെട്ടുറപ്പുള്ളതല്ലായിരുന്നു. പലപ്പോഴും കാറ്റും മഴയും കാരണം വീടുകൾ കടപുഴുകുമായിരുന്നു. ഈ കഥ അയാളുടെ ജീവിതം വരച്ചുകാട്ടുന്ന ഒന്നാണ്. അവന്റെ പേര് രാം എന്നായിരുന്നു. ചെറുപ്പത്തിൽ തന്നെ അവൻ ജോലി ചെയ്തു ജീവിക്കേണ്ട സാഹചര്യമായിരുന്നു. ഒരിക്കൽ പോലും അവൻ ബാല്യ കാലത്തിന്റെ സന്തോഷങ്ങൾ അനുഭവിക്കാൻ സാധിച്ചിരുന്നില്ല. അവന്റെ കുടുംബത്തിലെ അവസ്ഥ അത്ര മോശമായിരുന്നു.

അവന്റെ അച്ഛൻ കൃഷിക്കാരനായിരുന്നു. രണ്ടു സഹോദരങ്ങൾ കൂടിയുണ്ടായിരുന്നു. അമ്മ മരണപ്പെട്ടു. തന്റെ അച്ഛനെ സഹായിക്കുകയും മറ്റും ചെയ്യാനായി അവൻ അഞ്ചാം ക്ലാസ്സിൽ തന്നെ സ്കൂൾ വിട്ടു. പിന്നീട് അവൻ തന്റെ അനുജന്മാരെ നോക്കി വയലിലും മറ്റും ജോലി ചെയ്തു. ചെറുപ്പത്തിൽ അവൻ ഏറ്റവും വലിയ ആഗ്രഹം ഒരു പോലീസുകാരനാകണമെന്നായിരുന്നു. എന്നാൽ വീട്ടിലെ അവസ്ഥമൂലം അവൻ അതിനു കഴിയാതെ വന്നു. പലപ്പോഴും അവൻ അതോർത്തു വിഷമിക്കുമായിരുന്നു. അനുജന്മാരെ വലിയ നിലയിൽ കാണണമെന്ന് അവൻ അഗ്രഹമുണ്ടായിരുന്നു. അച്ഛനും വയ്യാതായി. പിന്നീട് കുടുംബത്തിന്റെ മുഴുവൻ ഉത്തരവാദിത്തങ്ങളും ഏറ്റെടുത്തുകൊണ്ട് അവൻ മുന്നോട്ടുപോയി ഒരിക്കൽപോലും തന്റെ അനുജന്മാരെയോ അച്ഛനെയോ പട്ടിണി കിടക്കാൻ അവൻ അനുവദിച്ചിട്ടില്ല.

നാളുകൾ കടന്നുപോയി. അവന്റെ അനുജന്മാർ പഠിക്കുവാനായി ദൂരെ പോയി. അയാളുടെ അവസ്ഥ വളരെ മോശമായിരുന്നു. അച്ഛൻ മരണക്കിടക്കയിലാണ്. അനുജന്മാർ മാത്രമായിരുന്നു അയാളുടെ പ്രതീക്ഷ. അന്ന് അയാൾ പതിവുപോലെ ജോലിക്ക് പോകാനായിരങ്ങുമ്പോൾ അയാൾ ആ വാർത്ത കേൾക്കുന്നു. അനുജന്മാരിൽ ഒരാൾ സിവിൽ സർവീസ് പരീക്ഷ പാസ്സായിയെന്നും, മറ്റൊരാൾക്ക് എസ്. ഐ. ടെസ്റ്റ് കിട്ടിയെന്നും. അവൻ തന്റെ അനുജന്മാരെയോർത്ത് അഭിമാനവും സന്തോഷവും തോന്നി. തനിക്ക് നഷ്ടമായ സ്വപ്നം തന്റെ സഹോദരന്മാരിലൂടെ നേടിയെന്ന സന്തോഷം അയാളിൽ നിറഞ്ഞു നിന്നു. പ്രഭാതസൂര്യന്റെ രശ്മികളെപ്പോലെ അയാൾ ആ വാർത്തയെ സ്വീകരിച്ചു. ഒരിക്കൽപോലും തനിക്ക് നേടാൻ കഴിയാത്തതിനെയോർത്ത് പിന്നീട് അവൻ വിഷമിച്ചില്ല.

വാതിലുകളും ജനാലകളുമെല്ലാം തുറന്ന് ബാൽ കണിയിൽ കസേരയിൽ ഇരുന്ന് നല്ല മഴ ആസ്വദിക്കുകയായിരുന്നു. ആവി പറക്കുന്ന ചായയും കൂടെ കൊരിക്കാൻ ചെറിയ തോതിൽ പലഹാരങ്ങളും ഒരു ചെറിയ കിണ്ണത്തിൽ ഇരിപ്പുണ്ടായിരുന്നു. അങ്ങനെ മഴയും ആസ്വദിച്ച്, ചായയും കുടിച്ച് ഇങ്ങനെ ഇരുന്നപ്പോൾ അയാൾക്ക് ഒരു ഫോൺകോൾ വന്നു. പരിചയമില്ലാത്ത നമ്പർ ആയിരുന്നതുകൊണ്ട് ആദ്യം എടുക്കാൻ മടിച്ചെങ്കിലും പിന്നീട് ഒന്ന് ആലോചിച്ചു തനിക്ക് ഇപ്പോൾ വിളിക്കാൻ ആരുമില്ല, താൻ ഏകനാണ്. തന്നെ ഓർമ്മവന്ന ആരെങ്കിലും സുഖവിവരം അന്വേഷിക്കാൻ വേണ്ടിയാകാം തന്നെ വിളിച്ചത്, അല്ലെങ്കിൽ ഓഫീസിൽ നിന്നുള്ള ആരെങ്കിലും ജോലിയുടെ കാര്യം സംബന്ധിച്ച് വിളിച്ചതാകാം എന്നുമൊക്കെ ഫോൺകോൾ നിന്നു പോകുന്നതിനുമുമ്പ് അയാൾ ചിന്തിച്ചു.

അയാൾ ഫോൺ എടുത്തു, സംസാരിച്ചു. താൻ പ്രതീക്ഷിച്ച പോലെയുള്ള ആരുമല്ല തന്നെ വിളിച്ചത്. അത് ഒരു പെൺശബ്ദമായിരുന്നു താൻ എവിടെയോ കേട്ടു മറന്ന പെൺശബ്ദം അപ്പോൾ അയാൾ തന്റെ കലാലയ ജീവിതത്തിലേക്ക് ഒന്നു തിരിച്ചുപോയി. വർഷങ്ങൾക്കപ്പുറം അതിലേക്ക് ഒരു തിരിഞ്ഞുനോട്ടം അല്പം വേദനയോടാണെങ്കിലും അതെല്ലാം അയാൾ ഓർമ്മിച്ചു. അവളുടെ കളികളും ചിരിയും സംസാരവും. കോളേജിലേക്ക് താമസിച്ച് ഓടി എത്തുന്ന അവളെ അധ്യാപകർക്ക് എല്ലാം ജീവനായിരുന്നു, പഠിക്കാനും മറ്റെല്ലാം കലാപരിപാടികൾക്കും അവൾ ഒന്നാമതായിരുന്നു.

കോളേജിൽ ചേർന്നസമയത്ത് തന്നോട് ആദ്യമായി സംസാരിക്കുന്നതും തന്റെ മുഖത്തു നോക്കി നിറഞ്ഞുതുളുമ്പുന്ന ഒരു പുഞ്ചിരിയോടെ ചിരിച്ചതും അവളായിരുന്നു. അവളെ ആദ്യമായി കണ്ട നിമിഷം മുതൽ തന്റെ മനസ്സിൽ ഒരു തരം പരവേശമായിരുന്നു. നാളുകൾക്കുശേഷം ഞങ്ങൾ നല്ല സുഹൃത്തുക്കളായി മാറുകയും ചെയ്തു. തനിക്കും അവൾക്കും ജീവിതത്തെക്കുറിച്ച് ഒരുപാട് സ്വപ്നങ്ങളുണ്ടായിരുന്നു.

തന്റെ ജീവിത സാഹചര്യങ്ങൾ മാറിമറിയാൻ തുടങ്ങിയപ്പോൾ അവൾക്കും തന്നോട് അടുപ്പം കുറയുന്നതുപോലെ തോന്നി. കോളേജിന്റെ അവസാന വർഷമായപ്പോൾ വളരെയധികം വേദനയുടെ അവർ പിരിഞ്ഞു.

എവിടെ പോയി? താൻ നെയ്തുവെച്ച തന്റെ ജീവിത ലക്ഷ്യങ്ങൾ എവിടെയോ പറന്നുപോയി.

ഇന്നിതാ അവളുടെ ഫോൺ കോളിൽ അവൾ പറയുകയായി, അടുത്തമാസം അവളുടെ വിവാഹമാണെന്നും ആദ്യം ക്ഷണിച്ചതു തന്നെയാണെന്നും. ഇന്ന് അതെല്ലാം കേട്ടപ്പോൾ തന്റെ നഷ്ടസ്വപനങ്ങളെ താൻ അയവിറക്കുകയായിരുന്നു. അതെല്ലാം എവിടെയോ പോയി! മഴ തീർന്നു, കാർമ്മേഘം തെളിഞ്ഞു, അപ്പോൾ അയാൾ ചിന്തിക്കുകയായി ഈ കാർമ്മേഘങ്ങളാകാം അതിനെ എല്ലാം കൊണ്ടുപോയത്, എന്നെന്നേക്കുമായി തന്റെ ജീവിതത്തിൽ നിന്ന്.

समय का महत्व

समय जीवन का अनमोल रत्न है। जिस प्रकार बहता हुआ पानी पीछे नहीं लौटता उसी प्रकार बीता हुआ समय वापस नहीं आता। वास्तव में जो समय के प्रत्येक क्षण का सदुपयोग करते हैं, वे धरती के रत्न बन जाते हैं। छात्रों के लिए तो समय का और भी अधिक महत्व है। जो व्यक्ति समय के प्रति सतर्क रहते हैं, वे ही जीवन में सफल और महान बनते हैं। किसी कार्य को कल पर टालने की बात न सोचे। इसलिए समय बर्बाद मत करो।

बच्चे मन के सच्चे है।

Ashlina Ahina Aayanora

एक बार की बात है। एक शहर में सोहम नामक एक प्यारा बच्चा रहा करता था। वह सीमा जी की इकलौता बेटा था। उसने कभी अपने पिता को नहीं देखा, वह उसके जन्म होने के पहले ही गुज़र गए।

सोहम एक शरारती लड़का था। वह बस पाँच साल का था। स्कूल छूटने के बाद वह अपने पड़ोसी के बेटों के साथ खेलने चला जाता था। उनके नाम तीन्कू और मीन्कू थे। वह जुड़ुवा भाई थे।

वह कभी अध्ययन नहीं करता था। जब भी उसे अध्ययन करने का मन लग जाता था तभी तीन्कू-मीन्कू खेलने आ जाते थे। सोहम की माँ एक बड़ी कंपनी में काम कर रही थी और देर से घर पहुँचती थी।

एक दिन की बात है, सोहम, तीन्कू और मीन्कू सोहम के घर खेलने आए। वह सोहम के नए बल्ले और गेंद को देखकर तीन्कू ने बोला - वा, क्या बल्ले है, आज हम सब घर पर ही क्रिकेट खेलते हैं। सोहम ने बोला कि घर में खेलने से कुछ भी नुकसान हो सकता है, ते हम सब बाहर खेलते हैं। पर तीन्कू-मीन्कू ने बोला हम संभाल लेंगे और तीनों दोस्त खेलने लगे। तिन्कू बैटिंग, मीन्कू बॉलिंग और सोहम फील्डिंग कर रहे थे मिन्कू ने बॉल फेंका और तीन्कू ने मारा, पर, निशाना छूटा और सोहम की माँ का सबसे पसंदीदार गिलास में जाकर बॉल गिरा। तिन्कू-मीन्कू एक दूसरे को देखे और बिना कुछ कहे वह उस जगह से भाग गए।

इसी वक्त सोहम की माँ आती है और टूटा हुआ गिलास को देखा। बिना सोहम से पूछे ही वह उसे डाँटना शुरू कर दी और उसके कमरे में जाकर उसने उसे बहुत पिटाई दी। सोहम ने रोते-चिल्लाते हुए कहा कि उसने ऐसा नहीं किया लेकिन उसकी माँ ने सोचा कि वह झूठ है और उसे और पीटा। उसे कमरे में बंद कर दी।

इस घटना के कुछ ही समय बाद तीन्कू-मीन्कू सोहम के घर आए। जब सीमा जी ने दरवाज़ा खोली, उन्होंने माँफी माँगते हुए उन्हें सब बता दिया। यह सुनकर ही वह दौड़ी और सोहम से जाकर माँफी माँगी।

कहानी की शीक्षा : हमें बच्चों पर शक नहीं करना चाहिए।

पानी (जल)

पानी है कितना अनमोल,
जान लो तुम इसका मोल,
पानी बिना धरती है शून्य,
बिना पानी जीवन का नहीं है मोल।
पानी से ये धरती बनी,
पानी से बने हम और तुम,
पानी से हरियाली यहाँ,
बिना पानी यहाँ सब शून्य।
पानी नहीं रहे धरती पर,
सूखा पड़ जाए इस धरती पर,
न रहे कोई जीवित यहाँ,
श्मशान बन जाएगा इस धरती पर।
पानी से जीवन है प्यारे,
पानी से जीवित है सारे,
पानी है कितना अनमोल,
जान लो तुम इसका मोल।

मेरे पिता

मेरे पिताजी दुनिया के सबसे प्यारे हैं। पिताजी हमारे जीवन में एक महत्वपूर्ण व्यक्ति हैं। मेरे पिता मेरे सच्चे दोस्त और मेरी प्रेरणा हैं। वह सुबह पाँच बजे उठ जाते हैं और व्यायाम करते हैं। वह मेरी सभी इच्छाएँ पूरे करते हैं। वह मेरी माँ को बहुत प्यार करते हैं और ख्याल रखते हैं तथा उन्हें घरेलू काम से थक जाने पर आराम करने की सलाह देते हैं। वह एक ऐसे इंसान हैं जो स्कूल के लिए तैयार होने में, बिस्तर से सुबह उठाने में और अच्छे से मेरे गृहकार्य पूरा कराने में बहुत मदद करते हैं। वह मुझसे बहुत प्यार करते हैं। वह घर के सभी लोगों का ध्यान रखता है। वह सबसे अच्छा हैं।

मेरी माँ

प्यारी जग से न्यारी माँ,
खुशियाँ देती सारी माँ,
चलना हमें सिखाती माँ,
मंजिल हमें दिखाती माँ,
सबसे मीठा बोल है माँ,
दुनिया में अनमोल है माँ,
खाना हमें खिलाती है माँ,
लोरी गाकर सुलाती है माँ,
प्यारी जग से न्यारी माँ,
खुशियाँ देती सारी माँ।

ऐल्बर्ट आइंस्टाइन

ऐल्बर्ट आइंस्टाइन का जन्म १४ मार्च १८७९ को जेर्मनी में हुआ था। उनके पिता का नाम हरमन आइंस्टाइन और माता का नाम पोलिन आइंस्टाइन था। जब वह पैदा हुए थे, उनके अंदर एक ऐसी आनोखी बात थी, जो उनको और किसी सामान्य बच्चे को अलग बनाती थी। जैसे वह बड़े होने लगे, उनका बोलने में परेशानी होने लगी। इसलिए वह चार साल तक बोल नहीं पाए। बचपन में उनका अपने उम्र के बच्चों के साथ खेलना बिलकुल पसंद नहीं था। उनके मन में यह सवाल हमेशा रहता था कि यह दुनिया कैसे काम करती है। जब वही ५ साल के थे, उनके पिता ने उनको एक प्रश्न दिया। उनको यह समझ नहीं आया कि वह हमेशा उत्तर कि तरफ रहती है। समय के साथ-साथ वह समझदार बनते गए। उन्होंने बहुत खोज किए ऐसे $E = mc^2/1921$ में उनको नोबेल पुरस्कार से सम्मानित किया गया। 1952 में अमेरिका ने उनको इस्त्राएल का राष्ट्रपति बनने की पेशकश दी। उन्होंने यह कहकर मना कर दिया कि मैं राष्ट्रपति बनने के लिए नहीं जन्मा हूँ। उनका जन्मदिन “Genius Day” के नाम पर मनाया जाता है। 1955 में उन्होंने अपनी आखरी साँस ली।
